## Foreword . . .

We, the Annual Staff, are proud to present to you our 1962 Rosebud. This book has caught glimpses here and there, of the past and of the present, so that in the years to come the activities of this school year at Waterloo High will not be dimmed and will not fade from memory.

In later years, while turning these pages, if you should recall the many smiles, sorrows, and dreams of '62, we shall be content, knowing that we have done the thing we were called upon to do.

. . . **Dedication**

To the ALUMNI OF WATERLOO HIGH SCHOOL we gratefully dedicate this 1962 ROSEBUD.

Because we appreciate the foundations of our education, which you helped to lay in your student days at Waterloo School . . .

Because of your constant encouragement, your support--both morally and financially . . .

Because of your continued interest in our school and in our community . . .

Because many of our alumni are now our dear parents, our relatives, and our very good friends . . .

We are proud and happy to dedicate to you this Golden Anniversary Edition of the Rosebud.

**Progress** is the keynote of Education in the community of Waterloo during the last half-century. Many changes have been made through the years. The school building itself no longer stands. Only the bell, which many years ago called the children of Waterloo to classes, now remains enshrined in the City Park. Their grandchildren look at it now and ponder thoughtfully what it would have been like to attend school in Waterloo in those days.

In 1912, the graduating class numbered seven - all boys. Today's senior class is composed of forty-four members. There were ten faculty members then; today's faculty numbers twenty-seven. One of the greatest advancements in education, though, is seen in the curriculum. Classes offered to seniors in 1912 were: English Literature, Virgil, Physics, History and Government, Physical Geography or Geology, Music and Drawing (once a week).

Today's seniors are offered Art, Band, Chorus, Music Theory and Appreciation, Home Economics or Agriculture, Typing, Bookkeeping, Advanced Shorthand, Government and Economics, Industrial Arts, Physics or Chemistry, Senior Mathematics, English, and Spanish.

Fifty years ago the method of transportation to school was very simple. A student either walked to school or rode his horse. Today the students who do not live in town come on one of the five school buses. This year Waterloo School acquired a beautiful new 73 passenger school bus, of which the students, teachers, and administrators are very proud. This is the only school-owned bus Waterloo has.

In 1912 the students who did not live in town carried their lunch to school. Today the Waterloo School Cafeteria, operated by Mrs. Reuah Bixler and Mrs. Lorna Dove, serves about 350 delicious hot meals daily.

Athletics has always been a major interest of boys and girls in Waterloo. When the old school was still being used, the students had their basketball games in the Town Hall. The present school building was erected in 1926. Several years later the gymnasium was built. It has been the scene of many exciting and thrilling games.

We have many clubs at Waterloo High School which are chapters of national organizations, dedicated to service in various fields. Some of these are Future Farmers of America, 4-H, Y-Teens, National Honor Society, and Student Council. This year, two new clubs were organized. These were Future Teachers of America, and Girls' Athletic Association. Fifty years ago there were only two organizations, called the Zedalethean Literary Society and the Ciceronian Literary Society. Each club tried to train its members to be better leaders and speakers, and to be more at ease before an audience. The clubs competed in sports, class elections, and other school activities.

The Waterloo School system has grown and changed with the times gracefully. The originator of the yearbook name, ROSEBUD, must have had prophetic vision. He recognized that Waterloo High School was a bud, destined to become a beautiful blossom. Yes, Waterloo High School is blooming now, and it will not begin to wilt as long as the community, alumni, students, and faculty continue to support it.

## *Lines Dedicated To W.H.S.*

Your ancient pile of brick and stone  
Means more to us than the learned tone  
Of lessons learned within thy zone.  
We cannot part without a pang  
Of pain that jars like a jarring clang.  
The feeling is deep and its rooted to stay  
Till our bodies are changed to useless clay.  
Association has made you dear to us all,  
Memories that are dear, we often recall;  
May your fullness live on and never fall.

Charles Thomas  
Waterloo High School, 1912

## *To The Class Of 2012*

So many "truths" of 1912 are now no longer true  
That we are forced to reassess what we bequeath to you.  
If our high school's to be revered as long as memories last  
It must be the transmitter of the best of all that's passed.  
What'er abides should boldly say across the span of years,  
"Not having truth, but seeking truth, will compensate for fears."  
So with these tests to guide us, the question now is clear:  
What will remain in 2012 to show that WE were here?

*Urban Steckler, Superintendent*

TO THE STUDENTS OF W. H. S. :

The educational interest of students has bettered itself through the years. Each graduation class contributes to the school its unique set of values. The teachers and student leaders must receive the credit for this improvement.

Another yearbook has been produced--this golden anniversary edition, which marks fifty years of progress in education in Waterloo. This yearbook helps to perpetuate your memories which have a real and lasting value. To the staff of the 1962 ROSEBUD, I say, "Thank you for a job well done."

*Urban Steckler*

*Marilyn Gurtner*

*James Miller, Principal*

As part of the continued progress of Waterloo High School, we have, for the first time, a qualified guidance director and counselor. Our principal, James Miller, serves in this capacity. He helps the students develop their educational and vocational plans. He works toward finding scholarships and loans for eligible students. He discusses with them any problem which they may broach to him. In addition, Mr. Miller formulates the schedule of classes and takes care of discipline in junior and senior high school.

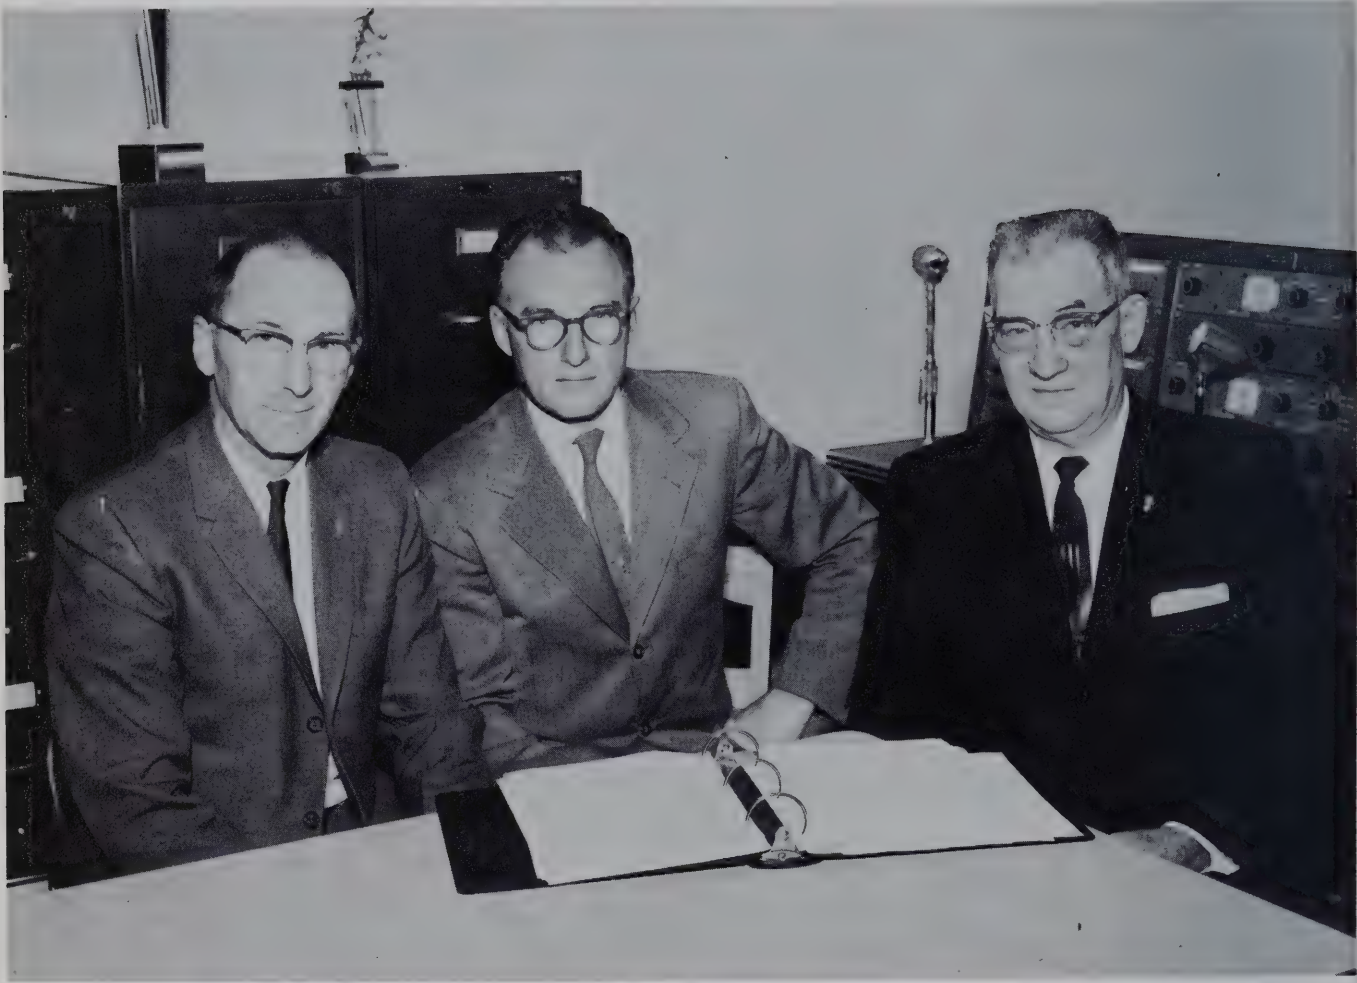

Mr. Miller holds the Bachelor's and Master's Degrees in Education from Purdue University. Before coming to Waterloo, Mr. Miller coached basketball at Mississinewa High School. His wife, Wilma, is a registered nurse. The couple has one child, seven-year-old Jimmie.

Our school is fortunate, indeed, to have Mr. Miller join the staff.

*Lois Armstrong*

## *School Board*

PROGRESS IN EDUCATION IN WATERLOO would not have been possible without the work of the members of our School Board. Upon the shoulders of these men ultimately rests much of the responsibility for seeing that Waterloo School is "top-notch." The physical plant must be maintained. The personnel--administrators and teachers must be hired, and their salaries paid. The School Board works closely with the superintendent to supervise and coordinate all school activities. As our school has grown so rapidly in recent years, this task has become increasingly difficult.

The students of Waterloo School are grateful to the members of the School Board. We appreciate the effort they have expended in our behalf, and the countless hours of their time which they devoted to school work. Without these men, who form the backbone of our school administration, Waterloo School could never have become the active, progressive seat of learning that it is.

Members now serving on the School Board are Wayne Voss, President; John Graham, Treasurer; and Fern Morr, Treasurer.

This is the class of Sixty-Two,  
May I present them to you?  
Jim Aschelman--He's on the ball,  
Subjects or Sports, he tops them all.  
Rick Bergstrom--Quiet and sincere,  
Lends to all a listening ear.  
Nancy Brandon--Calm and studious,  
Never thinks a task too dubious.  
Gilbert Bonecutter--Busy all the while,  
Greets you with a great big smile.  
Bob Charleston--Happy and daring,  
Goes through school without caring.  
Richard Dunn--Never assuming,  
Always contained, never fuming.  
Joe Dunn--Another one in sports,  
Looks real good in his B. B. shorts.  
Keith Eberly--He comes and goes  
What he will do, no one knows.  
Don Gettys--Will do his part,  
Often getting an early start.  
Colleen Grate--Without a doubt,  
Will work with you, any amount.

# History of the Class of '62

In September, 1950, forty-one mischievous boys and girls entered Mrs. Duncan's first grade room. After six years we finally made it upstairs to Junior High. Through the seventh and eighth grades we were under the supervision of Mr. Fries and Mr. McIntosh. Then came eighth grade graduation, our promotion to high school.

In our Freshman year Mrs. Starkey and Mr. Berg were our class sponsors. This year we took on the task of starting a fund for our trip to Washington, D. C. and New York in our Senior year. With our sales of candy and other activities we made a good start towards our goal.

Under the guidance of Mr. Vaughn in our Sophomore year, we purchased our class sweaters, which were black with a big black and white three-D letter on it. We also added a lot of money to our treasury by the sale of candy and by sock hops. During this year our class was thrilled to win the boys' class tourney in basketball by beating the seniors.

In our Junior year Mr. Vaughn and Mr. Grimm were our sponsors. We had a most successful play, "Mrs. McThing," under the direction of Mr. and Mrs. Grimm. With the cookie drive and the Junior Store, we added more money to the treasury. During the year we purchased our beautiful class rings, of which we are very proud. Again this year the boys won the class tourney in basketball.

At last we were finally Seniors! Mr. Stump, Mr. Volz, and Mr. Grimm, our sponsors, helped us with our projects and the planning of our Senior Trip.

To start our year off, we held an ice cream social late in September in the street next to the bank, on the closing day of Merchants' Days. During this time the Waterloo High School Band performed, under the direction of Mr. Volz. Later in the evening dancing and square dancing were enjoyed by the students and many adults.

Our Senior pictures were taken on October 1 and 2 by Roberts Studio. Were we ever dressed up!--and thrilled when they arrived in December.

We had a difficult decision to make in choosing our invitations to our graduation, but were happy and pleased with them when they arrived.

Finally the day came to spend all our money. We were excited as could be, and thrilled to be embarking on our Class trip. We went by bus to New York and Washington, D. C. The highlight of our trip was our visit to the United Nations. We shall never forget the fun and excitement, and the comradeship of our classmates during our last week as students of Waterloo High School.

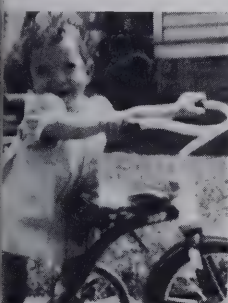

After twelve years of struggle, we finally reached our goal--graduation. We wish to thank our parents, teachers, and all others who made this possible.

# Senior Classes

Math

The blackboards aren't the only things that are blank in Senior English classes. Take Mr. Worley's scalp, for example. (You say somebody has already taken it?) Or take the thoughts of the scholars whose backs are so beautifully photographed. Of course, there's some activity in Room 9. Clinton, angry because he split an infinitive, has just given himself a stiff left to the cheek. Norman is all attention; he thinks the teacher is about to pass out some money. And Jerry is certainly not asleep; on the contrary, he's reading his marks upside down from Mr. Worley's gradebook. Sally, Coleen, and Valetta have wasted no time in getting to the day's assignment: undangling a participle. Ronnie has his chair pushed back, all ready for a fast getaway in case the word "test" is mentioned. Marsha watches Keith watching Dick read. And over on the bulletin board the educated giraffe seems to be saying, "It may be English, but it ain't senior!"

". . . while visions of amendments danced in their heads."

In spite of the fact that the Seniors take every assignment so seriously, the study of American Government is a pretty humorous adventure. Linda's apparent happiness is her natural reaction to maps. While Phil looks "over" his paper, Frances is busy wrapping Christmas packages. Don has already read the jokes three times so his is a rather knowledgeable grin.

The empty chairs mutely testify for those who, after thinking twice, decided to stay at home.

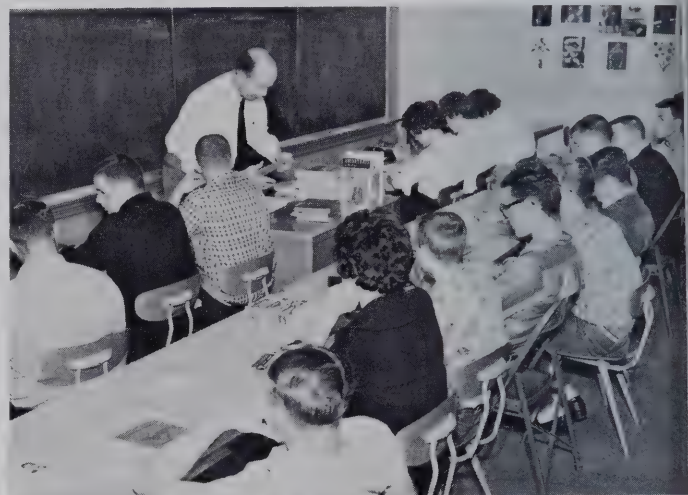

Bookkeeping

The seniors pictured here--Jim, Phil, Don, and Bill are obtaining thorough understanding of problems dealing with Analytical Geometry, Solid Geometry, Trigonometry, Calculus, and getting a picture of work entailed in the study of probability and statistics. Each student will be enabled to enroll in any college, and pursue the vocation of his choice with as little adjustment as possible to the increased tempo of curriculum offerings.

The small class creates a healthy environment conducive to good learning.

English

Government

The senior bookkeeping course includes materials on social security taxes, personal budgeting, and family bookkeeping records that will be helpful to all individuals regardless of their future occupations. All of this material is a matter of importance to everyone, because it is necessary to meet the obligation to our government--local, state, and national.

At the end of each semester, the bookkeepers complete a practice set with business papers in order to use what they have learned in class.

## *Coaching Staff*

High School would not be nearly so interesting without extracurricular activities. Among these activities are sports, which we all enjoy. Many times it is hard to maintain good sportsmanship during games, but the students of Waterloo High School have managed to keep a good record. Our school spirit has improved with the help of the coaches at W. H. S. We are all very happy to have three fine coaches with us this year.

## *Student Managers*

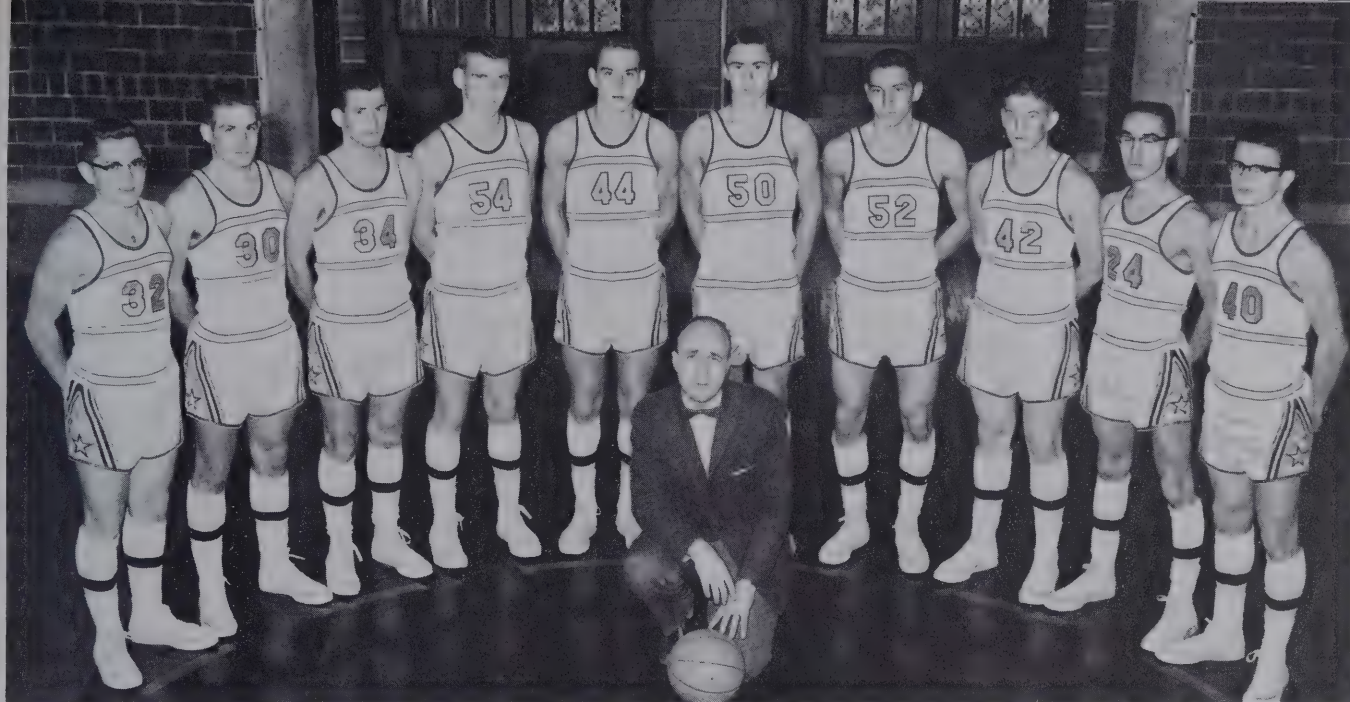

Coach Bourquin, who is our Varsity and B-team coach, is doing an excellent job with the boys. Mr. Bourquin has been with us for about seven years, and during this time he has served our high school well, as a fine coach and an efficient teacher.

Larry Dove, Freshman coach, is in his second year of coaching at Waterloo. Last year he coached the Junior High team. He is teaching the boys many of the fundamentals which they will need when they are on the varsity team. It is most important to teach the boys good sportsmanship as well as good basketball; and Larry Dove is doing both.

Ronald Weimer, Junior High coach, is spending his first year at Waterloo. He graduated last June from Manchester College where he played on the Varsity Basketball Team.

The students of Waterloo School wish the coaching staff good health and happiness.

Through the years at W. H. S. we have had many basketball teams and many cheerleaders, but something seemed to be lacking. Last year we decided to meet this problem by forming a Cheer Block.

Its purpose is to give our ball team better support. It has added much enthusiasm to our ball games.

During these two years the Cheer Block has made great progress under the supervision of Mrs. Evelyn Ford, the sponsor. The varsity and B-team cheerleaders work with the Cheer Block during the weekly meetings of the group.

We hope that the Cheer Block will always continue at Waterloo High School, because it helps to strengthen School Spirit.

**Junior at W. H. S. Wins Champion Short Horn**

John Smith, a junior at W. H. S., received \$330.00 for his champion short-horn at the DeKalb County Fair. The animal weighed 1,185 pounds. Line Feed for this

## NEW DRIVING RULE

During the '60-'61 session of the Georgia General Assembly, legislation was passed which altered the rules regarding driver education permits.

An applicant for a driver's permit must be at least 15 years of age. If the person is under the age of 16 and has his permit certified by driver training instructor, he may drive between sunrise and sunset when accompanied by a licensed parent or guardian. If the person is 16 and his driver education permit has been certified by his instructor, he may drive day and night, if accomplished by a licensed driver who is 21 years old or older. This permit expires at the age of 17 unless it has been

## W.H.S. Has A New 73 Passenger School Bus

The new bus was purchased from the Yellow Coach Company at a cost of \$12,000. It is driven by Donald Pressler, a senior, and carries seven passengers and is the largest of its kind in DeKalb County. No other school has a bus this big or this nice. As a student body let's keep the bus as clean and neat as possible. It will give you a feeling of pride and will give Waterloo prestige.

The new bus is protected with Super Fine Steel, which brings forth, longer life, less maintenance, and lasting beauty. The steel used to make this bus is able to withstand 4,700 pounds of pressure.

A guard rail surrounds the whole bus.

## 1962 Rosebud Underway

The 1962 Rosebud staff is deep in planning the 50th edition of the Waterloo High School year book.

The first volume of the Rosebud published in 1912 by the seven boys of the senior class. It had a paper back and was priced at \$.50 per copy. There were very few pictures and many pages of written copy.

In this Golden Anniversary Edition, the staff wishes to relate the contrast between the school of 1912 and the school of today.

Subscriptions will be on sale soon. Try to buy yours early.

## NEW GUIDANCE PROGRAM STARTS SOON

The Guidance program will soon get underway in the high school beginning with the seniors, and working down through the underclassmen.

The program will begin with the seniors filling out a questionnaire regarding their future plans. This data will be studied along with information on file in the student's cumulative record. The students will then be called in to discuss their plans during a personal interview. During this interview the counselor will collect information that will help to him in aiding the students making their future plans.

MR. KENNETH STUMP, Sponsor

The F.F.A. has its origin and root in a definite part of the school curriculum--vocational agriculture. In this organization the boys learn through active participation how to conduct and take part in a meeting, speak in front of a group, assume civic responsibility, finance, and most of all, how to solve their own problems. Through these activities, the Future Farmers of America develop character, sportsmanship, cooperation, thrift, scholarship, and a strong feeling for citizenship and patriotism.

This year the boys have been very active in judging contests, farming programs, and F.F.A. basketball. This summer the Senior F.F.A. boys plan to go on a camping trip, and the other members are looking forward to a great year in '62-'63.

The Waterloo High School Chorus is made up of eighty-five students in grades seven through twelve. Any Tuesday or Thursday morning during the fourth period, strains of beautiful music are wafted through the halls of our school. That is the Chorus practicing the numbers which they present to the public at Christmas time and in the spring.

Members of the Chorus also entered the Music Contest held at Ft. Wayne in March. The Chorus is directed by Mr. Ronald Volz and accompanied by Miss Sally Nodine.

## THE LAST DAY OF SCHOOL

The last day of school -  
 What a joyful thing!  
 All the children waiting  
 For the bell to ring.  
 All their faces happy,  
 Thinking of that day  
 That's just around the corner;  
 It's graduation day.

I thought I would be happy,  
 But when it came around,  
 There was a tear in my eye;  
 I had an awful frown.  
 When handed my diploma,  
 I heard my parents say,  
 "We saw him grow, and grow, and grow,  
 And now he's going away."

### SENIOR CLASS TRIP

The class of 1961 left Thursday evening on the Pennsylvania Railroad for Washington, D. C. While in Washington we stayed at the beautiful Mariott Motor Hotel where a few of our braver souls even tried the swimming pool. The class spent two and one-half days in our nation's capital touring the impressive memorials and governmental buildings. A few of the most important of these were the Bureau of Printing and Engraving, U. S. Capitol, Tomb of the Unknown Soldier, where we witnessed the Changing of the Guard, Mt. Vernon, the White House, Smithsonian Institute, and the Lincoln and Jefferson Memorials. While we were in Washington we dined at the Casino Royal Nightclub and were treated to a stage show starring Lloyd Price.

On Sunday morning we left for New York via American Airlines. After a pleasant fifty-five minute ride, we arrived at La Guardia Airport. Upon landing we went directly to Pier 83 for a four-hour cruise around Manhattan. During our two-and-a-half day visit to New York we visited Times Square, Rockefeller Center, Chinatown, Statue of Liberty, Cathedral of St. John the Divine, Grant's Tomb, Empire State Building, to mention just a few. Two of the highlights of our stay were the Tour of the United Nations with luncheon in the Delegates Dining Room, and the evening at Radio City Music Hall, where the class saw the world-famous Rockettes perform before viewing a new movie. The class stayed at the Roosevelt Hotel right in the heart of Manhattan. The seniors left New York at eleven p.m. Tuesday evening, a tired but happy class. We arrived in Ft. Wayne the following afternoon at two p.m.

The Senior Class of 1961 would like to take this opportunity to thank Mrs. Ronda Starkey and Mr. L. C. Ford, our senior trip sponsors. They were good sports and saw to it that everyone had a memorable time.

## *Seniors 1961*

Some of the graduates as they prepare to receive their diplomas.

Nancy Lockwood, valedictorian, and Carol Schmidt, salutatorian, lead the procession of graduates.

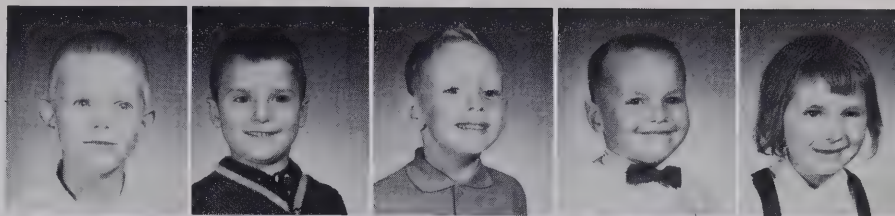

The years from kindergarten through senior year . . . these are years of pleasure and of hard work. What are the thoughts of these seniors who are about to attain the goal for which they have striven for twelve years?

Many are thinking "In a few moments this matter of a formal education will be finished, the last stone on the path." Others are thinking of graduation as merely a stepping stone in the path of education. But in each mind is the thought that this is the last night in their life that they can be called a student of Waterloo High School.
